Which **ONE** of the above schemes do you think is the most important please explain why

My suggestions for alternatives traffic schemes are:

Please give your postal code:

This consultation is an exercise to prioritise the suggested schemes and provide evidence of public support for road improvements to help improve traffic flow in the town. The schemes will be presented to Wem Town Council and Shropshire Council's Highways Department to be considered through the Road Safety Policy. Any schemes approved through the Road Safety Policy will be consulted on by Shropshire Council before implementation.
